

MISSION

HYPER TRADE SRL is a trading company delivering goods and services to public entities and private companies, within the framework of contracts arising from projects financed by the major Multilateral Lending Agencies.

HYPER TRADE SRL also provides project cycle management for the implementation of contracts and business development related to the process of increasing involvement of enterprises in international markets.

SERVICES

INTERNATIONAL TRADING

HYPER TRADE SRL participates to the international tenders financed by the major Multilateral Lending Agencies (UN system, World Bank, European Union, African Development Bank, Inter-American Development Bank) as well as international tenders financed by national budgets.

- ✓ DIRECTLY (Hyper Trade submits its bid directly)
- ✓ IN ASSOCIATION WITH OTHER COMPANIES

BUSINESS DEVELOPMENT

- ✓ TENDERING CONSULTANCY. Hyper Trade provides consultancy services to other companies aiming at the preparation of international tender offers. Administrative/Legal assistance are integral part of the tendering consultancy
- ✓ INTERNATIONALIZATION. Hyper Trade provides consultancy services to private companies focused on the creation or enhancement of international sales network.
- ✓ IMPORT/EXPORTS. Hyper Trade carries out import/export of goods worldwide involving the customer in the process of needs formulation

PROJECT CYCLE MANAGEMENT

Project Direction of contracts arising from international bid. Such activity encompasses supply chain management, financial and economic management (cash-flow, expenditure record, return of investment, etc...). This activity can cover the entire contract lifetime from award notification to provisional and final acceptance.

PROCUREMENT AND TECHNICAL ASSISTANCE

Provision of specialized consultancy services to both private companies and governmental agencies within the framework of bidding documents preparation (ToR-Terms of Reference), project identification, feasibility study, selection of international experts, *ex-post* evaluation missions, impact assessment.
